

2ndLife Batteries® Energys® SBS 190F AGM 190AH Lead-Acid Battery

9.12 KWH - 48V system

Energy

- 1 Battery at 12V at 190AH
 - ◆ 2.28 KWH
 - ◆ 50% Depth of Discharge 1.14 KWH usable energy
- 4 Batteries at 48V Serial configuration:
 - ◆ 9.12 KWH at 190AH
 - ◆ 50% Depth of Discharge 4.56Kwh usable energy
- 16 Batteries at 48V in Serial + Parallel configuration
 - ◆ 36.48KWH at 760AH
 - ◆ 50% Depth of Discharge 18.24 Kwh usable energy

Mechanical

- 6 x 2V cells per Battery = 12V at 190AH
- Batteries are installed vertically
- Weight 132 lbs (60Kg) each battery
- Dimensions inches (cm) 22.1 (56.1) L x 4.92 (12.5) W x 12.4 (31.5) H
- 4 Batteries in 48v series weight is 529 lbs (240kg)
- Made in France or the United Kingdom

Communications

- Optional Nuvation® Battery Management System
- Provides real-time cell voltages, temperature and other critical data
- Nuvation BMS sold separately
- Requires Internet access

Warranty

- 3 Year warranty program
 - ◆ Contact 2ndLife Batteries for details
- Recommended Nuvation BMS for continuous monitoring
- System operation to be within OEM's specified temperature and humidity ranges
